#### OUR STATE UNIVERSITY.

Hons. W. C. Dovey, C. C. Stevenson and Alfred Helm, Board of Regents of the Nevada State University, have just returned from a visit of inspection to that institution. The purpose of the visit was to examine into the affairs of the school, ascertain what improvements were needed and devise means by which the University shall be placed in the most prosperous condition possible. A reporter of the Lyon County Times has been interviewing Mr. Dovey, who lives at Silver City, and from him gains the following information concerning the visit:

The University class now numbers thirteen young ladies and gentlemen mostly resident in the Esstern part of the State. Professor Sessions, a young man of enliure and ability, is the instructor in charge and is giving universal satisfaction. The Regents put the class through an examination with the most flattering results. Mr. Dovey says the scholars displayed a familiarity with the higher studies most agreeably surprising for the length of time which they have been in attendance, evidencing the natural brightness of the class and manifest ability on the part of the young Pro. The University building is a two-story brick, finished in fine and sub-stantial shape. The site is a level plateau as yet, of course, unimprov-ed, but the grounds of which are easily susceptible of being converted into a handsome and attractive park. To this end irrigating ditches have to be cut, trees and shrubbery planted, and a substantial fence erected to protect the grounds against the invasion of roaming stock. The upper story of the edifice is finished into an assembly room, to be used for school exhibitions, etc., and is an attractive hall for that purpose. school-room below will comfortably seat 125 students, a capacity amply sufficient for present requirements.
One thing lacking, however, to the prosperity of the school is the absence of a suitable place in Elko at which pupils from a distance can be supplied with board, rooms and mat-ronly supervision. Of the thirteen scholars now in attendance, those who are not domiciled with relatives. are obliged to put up with the uncertain hospitalities of a public hotel.

A meeting of Regents will be held at Carson on the 1st of July to discuss the feetilities. the feasibility of establishing a board-ing-house for the accommodation of students, and will most likely develop in its establishment at an early date. The Regents will also determine on some immediate course of action towards improving the University grounds and rendering them worthy the purpose for which they are intended; also, the procuring of necessary additional school at paratus fate, and conquers in every instance, for the illustration of scientific exper- It is harmless when taken by a well iments. We are glad to know that the visit of inspection has created a the visit of inspection has created a new and livelier interest on the part of the people of Elko, and we shall confidently expect to hear of important improvements within the next year. #### PHILADELPHIA CHARGES NEXT YEAR.

We take it that anything connected with the Centennial is interesting reading matter, and none more so than that which effects the pocket. A knowledge of the common trait of over-charging has had the effect of causing people to hesitate about visiting Philadelphia next year to attend the great Exposition and Centennial, and many inquiries have been made as to accommodation in hotels and other houses in the City of Brotherly Love on that occasion. The Philadelphia Press, of June 9th, says, in reference to this subject, that it has the personal and positive assurance, with permission to publish it, of Mr. Kingsley, proprietor of the Continental, the largest and leading hotel of that city, that the charges will not be over five dollars per day.

The present rates are four dollars and a half per day. This is an increase of tea per cent. Probably, the Press thinks, the increase in the price of provisions, wages, etc., will be more than that. The Press thinks this rate as determined by Mr. Kingsly will rule the rates at other hotels, and also will have a similar effect upon other places than hotels where the great majority of visitors will of necessity have to find accommodations. Now it behooves the people and authorities, if they have any power and influence over this question, to exert the same against a system of gouging and extortion such as it was charged the people of Vienna were guilty of. It will undoubtedly be to the benefit of the tradesmen, hotels and, in fact, about all the interests of Philadelphia, if her The best music to be obtained in the people on that occasion will adhere strictly to this line of policy. For should greed get the better of good sense, and prices be put up to enormous rates, the effect will certainly be to make the visits of people very short; whereas with reasonable prices and charges, their visits will be prolonged, and the publicans, traders and others will receive more than they would do under the rules of extortionate prices. Visitors must calculate, however, upon having to

THE RENO TANNERY .-- This new and important industry of Reno is now fairly at work. Yesterday was the opening day and the tannery was visited by many of our prominent citizens, who naturally take on interest in home industries. Experts who examined the leather pronounce it of a superior quality. We hope in a day or two to place before our readers a full description of the works, method, etc.

THE RENO CRESCENT.—The presses and material of this office having been purchased by Colonel Dow, that gentleman is very busy putting Musical headquarters. the office in shape. He will not resume publication for about one month, when the paper will appear with a new name-The Nevada Democrat. The new name of the paper implies what its future political course will be-straight-out Democratic. In the meantime the Jour-NAL has a "monopoly" of the printing business in Reno. But our prices

remain the same as usual.

Countempeter Bills Afloat.—Our citizens are warned in regard to the appearance of counterfeit notes of the Traders' National Bank of Chicago, now in circulation in this and adjoining places. Two men have been arrested at Hamilton for having and passing such notes and are held to await the action of the Grand Jury of White Pine county. Be careful and examine all greenbacks when offered.

Uniform Ball,-As will be seen by an advertisement in another column Amity Lodge, No. 8, K. of P., will give a grand uniform ball at Dyer's Hall, on Monday evening, July 5. No pains will be spared to make it one of the events of the season. No disreputable characters will be permitted to attend, and every attention will be paid outsiders. Bob. just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods zephyrs. Mof all kinds.

BOOTS AND SHOES, ETC.-It is an established fact that these articles can not be got along without. Hence, it necessarily follows, that in the purchase of them we should not only look to price but to quality, for none of us desire to pay an extortionate price for an inferior quality of boot or shoe. There is no doubt but that John Sunderland can give us com-plete satisfaction in both respects. Then to Sunderland's, (on Virginia street), we will go, for boots, shoes, slippers, and all goods of that class.\*

BENO AND VACINITY.—The new dress site the freight depot, will receive and make to order in the latest styles, all kinds of plain and fancy sewing.\*

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons.

Notice.-Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Su Lee & Co. \*
